

# CORE Parking Lot PAVEMENT MAINTENANCE REMINDER

The CORE Parking Lot Pavement project is taking place the week of June 10<sup>th</sup>! We encourage all participants to arrive for programs and/or classes at least 15 minutes early.

Alternative parking will be available and marked - please see areas in yellow below. If you need to access the “west parking lot” during this time, you must use Old Quarry’s entrance. This project is weather pending and the schedule will be adjusted if necessary. Thank you for your understanding and support as we continue to serve the Community to the best of our ability!
