Dear Residents,

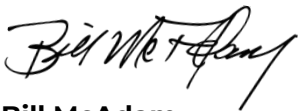

As we welcome Fall 2026, we continue celebrating 60 Years of Experiencing the Fun with the community we proudly serve. Since the Lemont Park District was founded on April 16, 1966, generations of residents have created memories, shared experiences, and helped shape the vibrant community we enjoy today. Thank you for your continued support as we invest in our parks, facilities, and recreational opportunities. We share your excitement regarding the Referendum Projects as we continue to move forward with these long-term improvements designed to serve our community for years to come. Construction activity will continue this Fall, including:

- ▶ Renovations at Centennial Community Center
- ▶ Upgraded fitness studios and enhancements at The CORE
- ▶ NEW tennis and pickleball courts on 127th Street and at the Centennial Campus
- ▶ The new splash pad, playground, and sports fields at Derby Farms Park

As these exciting projects progress, we encourage residents to follow our website and social media channels for the latest information regarding temporary closures, program relocations, and construction updates. We appreciate your patience and understanding as we work to enhance the places where our community gathers, plays, and stays active.

Fall is a wonderful time to enjoy the changing seasons, explore our parks, and participate in the many recreational opportunities available throughout the District. We invite you to join us for some of our favorite seasonal events and programs, including Harvest Fest, Halloween House Decorating Contest, Frigid 5K, youth sports leagues, and a variety of specialty classes for all ages.

On behalf of the Lemont Park District Board of Commissioners and Staff, thank you for your continued support and for being part of our growing community. We look forward to an active and memorable Fall season with you as we continue celebrating 60 Years of Experiencing the Fun!

Your new Centennial Community Center is underway, with modernized mechanical systems and facility renovations, and updated programming spaces. Construction is progressing, and we look forward to welcoming our Preschool Academy students back in early September to new spaces with new amenities. The CORE renovation and expansion is starting to take shape. Staff continues to work on operational plans to minimize the disruption to programming and facility access.

We continue to work on the sites for your new splash pad and sports fields at Derby Farms Park, along with the construction of the new tennis and pickleball courts at Centennial Park Campus and the north side of 127th Street.

We pledge to continue to keep you updated on the progress of these projects as they become available. Stay tuned to our website, social media, press releases, and emails for more information.
